Ingredients in de-liver-ance[®]
and their functions

“Let food
be thy medicine
and medicine
be thy food”

HIPPOCRATES

Let's improve the 500+ functions of your liver

Have you ever given thought to the powerhouse behind your well-being? Your liver isn't just a filter; it's the commander-in-chief of your body's overall functional balance and is responsible for:

- **Clearing toxins (including alcohol) from the bloodstream**
- **Regulating blood glucose levels**
- **Controlling the amount and type of cholesterol (both bad and good) in the body**
- **Supporting the immune system**
- **Producing and secreting bile**
- **Balancing the body's hormones**
- **Storing vitamins and minerals**
- **Excreting waste products such as urea and ammonia**

Metabolic dysfunction-associated Fatty Liver Disease (MAFLD), previously known as Non-Alcoholic Fatty Liver Disease (NAFLD), now affects almost 40% of adults in the western world and is the second most common indication for liver transplantation.

While liver disease is the fourth most common cause of death, if detected early, damage can often be reversed in many cases. We're all at risk of liver disease, which is why it's so important to look after your liver - and that's why we created **de-liver-ance**®.

Take control of your liver health

The liver is the master of your metabolism and central to your well-being. This organ is fundamental to life, carrying out over 500 functions every day.

de-liver-ance® is the result of 20 years of research to create an all-natural elixir that promotes optimal liver health.

de-liver-ance® has been shown to improve liver fat, assist lipid metabolism, and enhance liver function. It also boosts mental clarity, improves sleep, and benefits the skin.

Observational studies of **de-liver-ance**® have reported that taking one bottle a day, combined with lifestyle changes, led to 83 per cent of participants experiencing improved liver fat levels.

Why de-liver-ance[®]?

de-liver-ance[®] is a powerful antioxidant elixir designed to support liver health, enhance mental clarity, and optimize metabolism for overall well-being. It helps the body efficiently eliminate harmful toxins, restoring both physical and mental balance.

What is in it?

de-liver-ance[®] is the future of detoxification products, combining 5,000 years of Eastern Medicine with cutting-edge Western technology. We use only the highest quality natural plants and extracts, sourced directly from Mother Nature. This all-natural elixir, with its honey-infused and herbal taste, reflects the pure, real goodness of the earth.

**Helps maintain
optimal liver function**
Choline

**Aids the elimination
of harmful toxins**
Turmeric & Astragalus

**Enhances
mental clarity**
Ginseng

**Supports metabolism
for optimal well-being**
Raw Mesquite Honey

**Supports the
immune system**
Astragalus & Ginseng

**Antioxidants protect
cells from free radicals**
Turmeric & Astragalus

Nature at work

de-liver-ance® is a liquid concentrate rather than a powder or tablet, offering enhanced bioavailability for optimal absorption. Its 17 all-natural ingredients help support the elimination of harmful toxins from the body.

- Pacific Sea Kelp (Seanol®)
- Ecklonia Cava Kjellman (Brown Seaweed) Extract
- Asian Ginseng Extract Ultra Red - Panax Ginseng (Root)
- Turmeric - Curcuma Longa (Root)
- Peppermint - Mentha Piperita (Leaves)
- Choline
- Astragalus - Astragalus Membranaceus (Root)
- Artemisia Capillaris Thunb (Aerial Parts)
- Polygonatum - Polygonatum Odoratum (Root)
- Salvia Pratensis (Root)
- Poria - Wolporia Cocos (Whole Plant)
- Atractylodes Ovata (Root)
- Rehmannia Glutinosa (Root)
- Kudzu - Pueraria Lobata (Root)
- Star Anise
- Rosemary Essential Oil
- 100% Organic Raw Mesquite Honey
- 100% Natural High Quality Citric Acid (from Grapefruit)
- Purified Spring Water

It's not just about what we include, it's also about what we leave out that makes de-liver-ance® so beneficial to your health.

Purified Spring Water

Aqua

Water is the river on which our good health flows. Not drinking enough can thicken the blood, making it harder to filter and placing extra strain on the liver. That's why water is a vital ingredient, and why we recommend drinking a large glass of water with each bottle of de-liver-ance®.

Chinese Salvia

Salvia miltiorrhiza / Dan Shen

Used for centuries in traditional medicine, Chinese Salvia supports circulatory and heart health and has been used to help manage conditions like high cholesterol and type 2 diabetes.

Turmeric

Curcuma longa

The Turmeric plant has been a staple in medicine for thousands of years. Its root is widely used for inflammation, high cholesterol, liver disease, and stress, among other conditions.

Astragalus

Astragalus membranaceus - Huang Qi

A key ingredient in traditional medicine, Astragalus is believed to enhance the body's energy flow and strengthen its natural defences against disease.

Ginseng

Panax ginseng / Ren Shen

Ginseng has played a part in traditional herbal medicine for centuries. It is commonly used for its antioxidant and anti-inflammatory effects. It's also believed to help regulate blood sugar levels, strengthen the immune system, enhance brain function, and fight fatigue.

Kudzu

Pueraria lobata / Ge Gen

Kudzu is a vine. It is often included in dishes for both medicinal purposes and flavour. It's been used in traditional medicine to deal with the effects of alcohol, and also for heart and circulatory problems, including high blood pressure.

Choline

Choline is essential for liver health. A deficiency can lead to fat and cholesterol build up in the liver. Choline helps to remove fat, supports muscle function, and contributes to brain development, nerve function, and metabolism.

Seanol

Ecklonia cava

A powerful extract derived from deep-sea brown seaweed, Seanol® has been studied for its antioxidant, anti-inflammatory and anti-cancer properties. It may help ease joint pain, reduce fatigue, support the nervous system, and maintain healthy blood sugar levels.

Wormwood

Artemisia capillaris Thunb / Yin Chen

A plant from the sunflower family, Wormwood has been used in traditional medicines for Centuries. It is known for its pain-relieving, anti-inflammatory and antioxidant properties.

Rehmannia

Rehmannia glutinosa / Sheng Di Huang

Rehmannia is a perennial plant often combined with other herbs in traditional Chinese and Japanese medicine. It is believed to support immune function and help regulate blood sugar levels.

White Atractylodes

Atractylodes ovata / Bai Zhu

This aromatic herb has long been used in traditional medicine to combat fatigue, improve digestion, and help lower blood sugar levels.

Peppermint

Mentha piperita

Sourced from pure organic peppermint oil in France, peppermint is widely used for its digestive benefits. It has also been shown to help with menstrual pain, nausea, anxiety, muscle and nerve pain, and indigestion.

Mesquite Honey

Mel

Known as the “Tree of Life”, Mesquite has been revered by Native American tribes for centuries as a superfood. Mesquite honey is rich in proteins, vitamins, and minerals and is believed to support blood sugar regulation, aid digestion, and promote fat metabolism.

It also has antioxidant properties, as well as antibacterial and antifungal power.

Poria

Wolfiporia cocos / Fu Ling

Poria is a medicinal mushroom commonly used in Asia to support immune function. The type of Poria used in de-liver-ance is a trade secret.

Solomon's Seal

Polygonatum / Huang Jing

Used for thousands of years in herbal medicine, Solomon's Seal is known for supporting lung health, reducing inflammation, and promoting skin health.

Star Anise

Illicium Verum

A potent spice originating from China, Star Anise is packed with antifungal, antibacterial, antioxidant, and anti-inflammatory properties. Combined with a balanced diet and healthy lifestyle, it may enhance overall well-being & health.

Rosemary Oil

Salvia Rosmarinus

Native to the Mediterranean, Rosemary is a fragrant evergreen herb valued for its antibacterial, antiviral, and antifungal properties. Regular consumption may support the immune system and help protect against infections.

de-liver-ance[®] at work

We're proud to say de-liver-ance[®] delivers.

de-liver-ance[®] supports my liver by helping me to physically, emotionally and spiritually be a stronger version of myself

Kerri Beaumont

Mother of 4, Business Owner & Marathon Runner

I cannot believe that after just 60 days my liver fat has dropped by 40% and my liver enzymes by a further 45%.

Ronan Sayburn

CEO at The Court of Master Sommeliers Europe

With the aid of de-liver-ance[®] my Fibroscan[®] fat score improved from grade 3 to normal in 3-months, with no other lifestyle changes.

Dennis Drake

Vice President of Supply Chain Solutions

de-liver-ance[®] will positively influence your entire state of well-being.

Dr Yadhu Rajalingam

Senior Consultant in Anaesthesia & Intensive Care Medicine, NHS Royal Free Trust London

The people behind de-liver-ance[®]

Equilibrium Labs is advancing the future of liver health.

Founder Siggie Clavien's commitment to liver health is deeply personal, driven by the loss of loved ones to liver disease. Determined to make a difference, he dedicated decades to researching and developing a natural, effective solution alongside a global team of doctors and scientists. Their combined expertise in biotechnology and traditional medicine culminated in de-liver-ance[®] elixir—the result of 20 years of innovation and dedication to liver health and overall well-being.

“The art of healing
comes from nature,
not from the physician.

Therefore
the physician must
start from nature,
with an open mind.”
